“ Whenever I would call his department for assistance he would always call me, "Carnethia". Him and I would spend an extra 5 minutes on the phone of me correcting him on how to pronounce my name and laughing about how he like "Carnethia" better than Canitha (Ka-Knee-Tha). I enjoyed speaking to John whenever I needed assistance. He will TRULY be missed :-)

“ John was always someone who brought a smile to my face. When I needed help from the memphis call center John would help me out and answer all of the questions I had. He was always ready with a joke or a comment to brighten your day. And all of our conversations ended with a laugh and a talk to you later. He always had a story ready and was a light in the day. He will be deeply missed and my condolences to his family.

“ John was a wonderful guy who would light up the room as soon as he entered it. I'll always remember the stories he would share from his gourmet cooking to helping me and my other coworker write a crazy zombie novel. Not a day went by either that he didn't talk about how much he loved Stephanie and his family and all the adventures he had with them. He was the literal light in a dark room and would always find a way to make you laugh and smile no matter what mood you were in. I'm so thankful to have had the chance to work with him and to have called him a good friend of mine. I will treasure our friendship always. Rest easy Soul Bro. All my love, thoughts, and prayers for Stephanie and their family during this time.

“ John was a great guy to be around at work, we will miss his smile, humor and friendship. Often times when working on overhead lights, John would ask if I was replacing the standard bulbs with 'black light' bulbs! Always brought a laugh. God speed; condolences to the family. - Jeff Storjohann

“ John was such a great co worker.. I'm in another state but I loved talking to him on the phone because he always made me laugh. You could tell that he genuinely loved his wife by how fondly he talked about her and was focused on his family .. proud of every one of his kids.. He would give me advice when I was having a hard time with my son who has ADHD. I appreciated his friendship. He will be truly, truly missed. My prayers are going up for his family, friends and co workers. May God comfort ya'll in this time of sorrow.

“ Growing up with such an amazing man in my life showed me so many things. One thing I will always remember is when he would say “Eat some ice cream because it always makes things better.” Your memory will always stay with me and I miss you so much.
