Carla was my son Wyatt's TA teacher. She was a great person and will be missed by all who's lives she touched. She would write notes to me on how their school day was and truly cared about all the kids she worked with.

“ I knew Carla for 20 plus years. She was my sign language interpreter since I was a little girl at Glidden Ralston School til high school in Carroll. Carla taught me how to sign, read lips and even help me with my speech. We have spent alot of time together and she treated me like her own. We have done so much together, we went to Washington DC for school, she was there at my girl scout, CCD for church on Wednesday after school, and she was there at all my sports in Glidden and Carroll. When I went to Iowa school for the deaf, she traveled with my dad to watch me play sports. During the summer, I would go over to her house when I was younger and she would help me with sign language and other fun activities. Carla have went above and beyond helping me and being there for me. She's my best friend and to me, she family. I love her so much and she will be miss dearly.

“ Carla was a huge part of my life during my school years. She was my interpreter when I attended Carroll Middle School and Carroll High School. At the time, I did not find any authority figures to be pleasant to work with, but looking back, I know that Carla was a huge positive influence in my current success. Without her dedication to others, many would not be where they are now. One of my favorite memories was going to the outdoor camp, and watching her traverse the snowy hills and crossing the river on a fallen tree, all while she was around 6 months pregnant. I also remember meeting Carla’s son, Christopher as a baby. He was in a high chair and kept throwing the napkin on the floor. I wanted to be polite and pick it up for him, and he kept throwing it back on the floor while Carla laughed at my awkwardness. I remember when Danika passed away, and Carla was truly heartbroken. She pressed on despite her struggles and worked hard to provide the access to the education that I needed. Carla was a beautiful soul, and I’ll always remember her as someone who cared about others and always had a smile for everyone. My condolences to her family and friends.

Carla sought to make the day brighter for others and took the time to do special things, even during busy times. She will be missed every day by so many. God's blessings of loving memories and comfort to all her family and dear ones.

“ Carla went above and beyond every day for her students. She was always there early and put in so much thought, love, and effort into what was not just a job but her way of life: helping others. She loved her family and spoke of them often. I feel blessed to have known her for the brief time I did this year at CMS and hope to remember and follow her example. Peace unto you, Carla James.
