“ I will always have fond memories of Carsten! I loved having him in my kindergarten class and learning more and more about him and his personality each day. Just this morning my mom (Miss Annette, his preschool teacher) and I were talking about how he would avoid eye contact when he was avoiding doing something he did not want to do. 😊 He was good at finding ways to communicate with us and he let his personality show. I will miss spending time with him at school; talking with him, trying to get him to run me over when he was in his gate trainer, rubbing his back when he was laying on the floor, dancing with him in his wheelchair, and many more treasured times we had. I will especially miss his smile and giggle. He will always hold a special place in my heart. ❤️ My sympathy and prayers for the family and all others who were loved by and love Carsten.

“ Carsten was in Mrs. Nees's Kindergarten class with my daughter Eliza. She thought so much of him, every time she got to help him in school she was so tickled. She loved helping him and talked about him a lot. She was heartbroken to learn of his passing. We are sending lots of prayers for healing and comfort to the family and friends. Bless you all! <3
