“ I worked with Dennis after the 1993 reorganization of ISU Extension as Nutrition Field specialist. I always enjoyed the time I spent in Carroll County and the time doing programs with Dennis. When in Carroll, Dennis would always do the driving. When we arrived at our destination, we would exit the car and Dennis would leave his keys in the car. I live in Des Moines. We take our keys with us, or when we return there will be no car. I asked Dennis about this and he assured me that in Carroll the car was safe. He knew his community and trusted it and the many great people living there. My thoughts and prayers are with your family at this time.

My deepest sympathies to Dennis' family. I am a food and health specialist with ISU Extension and Outreach and enjoyed working with Dennis when assigned to Carroll County. I remember my supervisor saying something like, "You know Dennis has a good model, he offers a program, first in one community and then the next until he has covered the entire county." I've never forgotten that model of good extension programming and networking. Whenever I was out and about in the county with Dennis, people know him, he had respect. Prayers and sympathies to your family. Renee Sweers
