“ *Butch was a friend and provided support for the Henkenius family for as long as i can remember. It began with his help for me, and many others, as customers at the Conoco Station. He was a Kuemper graduate and was often at the school activities. While I was coaching at Kuemper, he and I would often talk about how the teams were doing. When my mother moved off the farm and bought the Diers home in Arcadia, Butch was a next door neighbor. He always had a smile on his face and i know he was looking out for our mother when she was out in the yard, in the garden, or walking to church. Butch will be remembered in a Mass in the near future.* ”

“ *My grandmother, Anna Hausman was a sister to Butch's mother, Barb and the families were close. We could never understand where the name Eugene came from but my Mom gave the name to my younger brother, Joe - it must have come from Aunt Barbie's naming "Butch" Eugene. Happy memories of the Schmitz family and Butch always seemed to be smiling.*
