“ Sandi and Mike I grieve with you. Auntie Wilma was one hell of a nurse and one hell of an Aunt. I always called her a fire cracker, always on the move. She was loved so much as I felt she was a second mom to me. Even when she moved out of state I was always in her thoughts and prayers and my family. Your sweet voice on the phone, "hi ya Chickie" I will never hear again and will miss. All the times I spent over night you took care of me. Gosh I remember when we all went to Missouri and I was home sick you stepped in and gave me nothing but love. Great times when you lived in Hawaii and I visited. The beautiful letter you wrote when my mom passed away, I still have it. We were such a close family you ,uncle and my mom and dad and us kids. You converted to the Catholic faith and are now at peace with God and all your family in heaven what a reunion. I was also close with your mom and dad who were as loving as you I always remember your mom saying. "bless your little heart" now you are finally with her. So many wonderful memories to much to write down. California when you both Sandi and I granny gowns and glasses. Auntie thank you for everything you have done and all your love the only aunt who truly loved me. Life will be hard without you. As you said "see you on the other side, Lastly, there are no goodbyes for us where ever you are you will always be in my heart forever. You have a peaceful rest as you earned it, no more pain. Love you forever Chickie.
